#15PARSEC

Visit our PARSEC Digital Showcase and meet #15PARSEC – the 15 winning teams of the PARSEC Accelerator Open Call 2 selected by a jury of experts. The [Digital Showcase](#) enables you to explore each of the innovative #15PARSEC solutions and learn more about what's possible with Earth Observation data.

About The PARSEC
Accelerator

Our holistic two-stage acceleration programme distributed a total of €2.5 Million equity-free funding to 100 beneficiaries, alongside other key resources (coaching, matchmaking, promotion) needed to develop and launch 15 new products and services into the global market.

PARSEC has also provided a suite of Business Catalysts for transforming data into market-ready services:

[Big Data Toolbox](#) [eoMALL & eoPAGES](#) [In situ Data Hub](#)

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 824478.
